

Goals for Office

Facebook Group Utilization

- Currently, the SWDAA Facebook group seems fairly unused. I either want to bring it back to life and have it serve more of a purpose or decide to stick with just the Facebook page.

Monthly Committee Meetings

- I would like to plan committee meetings well in advance and send reminders out to ensure there is the most attendance possible.

Advocate for TBΣAA and KKΨAA

- We would not be able to exist without KKΨAA and TBΣAA and our members need to know that! I would like to remind our members of how hard the National AAs are working to make our organizations worthwhile for both actives and alumni.

Start Conversations

- What does it mean to be an alumni? Why join the alumni associations? Let's start getting to the root of what it is why do, why we do it and how every member plays a role in the betterment of our organizations.

Visibility

- I would like to have/maintain having SWDAA representation at all district events throughout the school year.

Work Towards More Attendance at General Meetings

- I would like to help push/promote monthly meetings and get as many members there as I can.
- Possible add a "Why SWDAA?" section in the monthly cooler (Why are you in SWDAA?/Why should others get more involved?)

Reach Out to Other LAAs in the District

- I would like to connect more with other LAAs! This could be as simple as a check in to seeing what they need and/or if we can help recruit for each other.

Maintain membership roster

- This is one of the main responsibilities of the Membership director position and I would like to keep it going.
- I would like to do this in a google doc through director email that can be saved on drive.
- This google sheet can be kept and used to compare membership in the future!

Graduating Senior Ceremony

- I would like to help continue to create/push out the Graduating Senior Ceremony
