Letter of Intent

Members of the Southwest District Alumni Association,

I am so pleased to be submitting this application for the reelection to be the Membership Director for the Board of Directors for the Southwest District Alumni Association. I believe that my past and current experiences qualify me for this position. I have learned a lot and I would like the opportunity to continue to help SWDAA grow and strive. I became a sister of the Beta Nu Chapter of Tau Beta Sigma at Arkansas Tech University in the Spring of 2015. Since graduating in 2017, I have strived to stay in contact with the other alumni members from my chapter and other chapters as well as working with the collegiate chapter when asked.

As an active member, I attended the Southwest District Convention every year, as well as the Arkansas Area workshops. Attending these conventions and workshops has helped build my love and passion for Tau Beta Sigma and Kappa Kappa Psi. As an alumni member, I have been active in several committees in the past and present including Programs, Finance, and Membership. I attended last year's virtual District Convention and I am also planning to attend this year's District Convention in person at Springdale, AR. This organization, these brothers and sisters that I formed bonds with over such a short period of time, has only increased my love and passion for being involved in such a great organization. Continuing to serve the Southwest District is a blessing and I love every minute of it.

If reelected to serve as your Membership Director, I would work with the other members of the Board of Directors and the committee to continue to development ways to help increase our active participation within current SWDAA members and to find new ways to encourage friendships and bonds within SWDAA. I would also continue to work with the members of the membership committee to further improve our current recruitment programs and find new ways to reach new and current alumni around the district and country. If elected, I will uphold and execute the goals and charges of this position. I will accomplish these goals and charges by collaborating with the Board of Directors and the members of the membership committee during monthly meetings. Thank you for your time and consideration.

Much love in the bond,

Evelyn Jones

Goals for Office

Maintain up to date records of SWDAA membership as new members join the organization and ensuring that they receive notifications through email or other social media outlets ,such as Facebook, through our organization's page/group.

Hold monthly committee meetings where myself and the committee members will discuss recruitment ideas, bylaws that may be need to be updated, communication strategies to best reach our current or potential members, and promoting our current recruitment and retention programs.

Develop and/or revamp current recruitment and retention programs that will attract new members to join SWDAA and to preserve the interest of current members. Recruitment programs would be primarily targeting graduating seniors and alumni who are interested in SWDAA, but are currently not members of an alumni association. Retention programs will be focused on improving current active membership while also help keep members from leaving or not to renew their membership due to lack of time, interest and etc.

Develop more ways to help members build and maintain relationships virtually when meeting in person is not accessible or possible. Building and maintain these bonds within SWDAA is what will help improve and maintain our current active membership.

Advertise recruitment programs to graduation seniors through presentations at Area Workshops and at Southwest District Convention. These advertisements could be conducted through online presentations and also through other social media outlets such as Facebook and Instagram.

Maintaining and updating bylaws pertaining to membership which will be voted upon at/ during/or before Southwest District Convention. This could be carried out through electronic voting.

Revising requirements for membership as necessary. Updated requirements will be put in to place after discussion with the Board of Directors, and after it has been voted upon by the current active members of the Southwest District Alumni Association.
